### Highlights

We offer your customers the flexibility of choosing either a Full Coverage policy, or our money-saving Liability-Only policy.

Protects the PWC against damage or theft (Market Value protection).

Every policyholder receives medical payments coverage, with an option to increase that coverage limit to as much as \$5,000... at an extremely competitive rate.

Customers who water ski pay a small fee for this coverage. Those who don't save some money.

Unlike some other policies, the deductible on an American Modern JetSport policy is very clear-cut. The deductible your customer sees is the deductible your customer pays in the event of a claim.

For an affordable price, your customer can add these important coverages to the policy:

- Emergency Assistance and Towing
- Uninsured Watercraft
- Non-owned Watercraft Liability
- Personal Effects

Both endorsements provide these coverages; however, the Advantage Plus Endorsement features higher limits.

Let's face it, trailers are subject to losses, too. This coverage is a great option when your customer wants to protect his trailer from damage and theft.

We offer many ways for your customers to save on their premium, which can make it easier for you to sell the policy.

JetSport covers your customers in all U.S. and Canadian waters with no lay-up periods or state-to-state trailering restrictions, both of which are huge benefits to your customers, considering other carriers may limit where they boat and how!

Coverages, options or discounts may not be available on all policies or in all states.
