

CAMPING SEASON IS HERE!

Do you have adequate coverage for your Travel Trailer?

Coverage for your travel trailer is more complicated now than it was years ago.

WE CAN WRITE A POLICY FOR YOU!

Did you know:

- Your auto and homeowners policy may not cover any expenses or towing costs that will happen while on the road? And it may not cover your items like appliances and accessories?
- You can have an insurance policy that pays for towing and labor costs any time your vehicle is disabled “up to a predetermined amount?”
- You can even get coverage if you permanently park your trailer?

Travel trailer coverage is a smart way to protect your investment. Make sure that your trailer and your personal property inside are covered.

OUR POLICY OFFERS:

- \$100, \$250 or \$500 deductible for physical damage
- Limits to the value of the trailer
- \$50 minimum premium
- ACV or Replacement Cost on personal effects
- Accidental death and dismemberment
