

Now is the time to work with Tuscano's on all of your flood needs. Our Private Flood Insurance Program is delivered through AM Best "A" rated insurers. We can offer Primary Flood Limits up to \$5 million. The policy wording meets lender compliance, and we provide more options than the NFIP. We are most competitive on tougher flood-prone, higher risk areas.

You can rate, quote, issue and bind - all online

Submission Requirements

- Application (Our Flood application / Accord 125 and 140 or NFIP app) or renewing NFIP Dec Page
- Elevation Certificate needed for Post Firm A or V zones to bind coverage
- Confirmation of "no prior flood losses"

We've got lots of resources and tools available on our flood page. Check them out at tuscano.com/flood

*Not all coverages and programs are available in all states. Contact an underwriter if you have any questions

We've got a flood specialist!
