

Tuscano
A G E N C Y

Cannabis

The cannabis industry is rapidly expanding and projected to be a \$21 Billion Industry by 2020 and \$66 Billion by 2025. This growing industry introduces a lot of unique needs in terms of insurance. The good news is, Tuscano has markets to help with these hard to place risks!

We can look at property and liability, including products liability, for:

- Cultivators and Growers
- Processors
- Laboratories
- Manufacturers or Distributors including extraction operations
- Dispensaries
- Retail/ Wholesale Outlets
- Ancillary Products, Vape, and Paraphernalia
- Infused products (bakeries, candy makers, etc.)
- CBD, and Cannabidiol Products

The demand for cannabis related insurance products will only grow as more states legalize the drug. We can also help with Allied Health for Medical Marijuana Evaluation Clinics, Excess Liability, Management Liability, and Professional Liability.

Not all products, product features, or coverage options are available in every state. If you have a question about coverages, please contact a Tuscano underwriter.
